CONTRACT GENERAL INFORMATION	
Country:	Republic of El Salvador.
Project title:	“Broadband Connectivity Services for Public Sites LPI-BID-001-2023-PR”.
Sector:	Information and Communications Technology.
General objective:	<p>The Government of the Republic of El Salvador, through the Secretariat of Innovation of the Presidency, has received financing from the Inter-American Development Bank (IDB) corresponding to the acquisition of goods, the contracting of related services and the consulting services within the framework of the Social Digital Connectivity Program. The project will be financed jointly with the Korea Development Co-financing Facility of Infrastructure for Latin America and the Caribbean (KIF) in a period of five (5) years.</p> <p>The general objective of the project is to increase the access of the citizens of El Salvador to broadband and increase its potential to provide the continuity of public services. To achieve this, the following specific objectives have been established: (i) improve connectivity access through investment in resilient digital infrastructure; and (ii) reduce the digital skills and competencies gap in connected public sites.</p>
Implementer/Program:	Secretariat of Innovation of The Presidency Of El Salvador / Social Digital Connectivity Program.
Project total cost:	USD 85,000,000
Service operating period:	36 months
Associated services required:	<ul style="list-style-type: none"> ● Supply, installation and configuration ● Training ● Technical support
Project components:	<p>I. Connectivity and digital infrastructure. The following activities will be financed: (i) expansion and equipment of the trunk network (CORE); (ii) infrastructure elements for expansion and aggregation network equipment; (iii) connection to the access network of approximately 2,205 public sites in the intervention area, focused on schools and health units; and (iv) equipment and wiring of public places connected</p> <p>II. Increase in digital skills and competencies. The activities to be financed will be: (i) online training for officials and public servants with a gender focus; and (ii) Training for the population benefiting from connectivity, taking into account a gender approach.</p> <p>Administration, Monitoring, Audit and Evaluation (intermediate, final and impact)</p>
Qualification requirements:	<p>A. Compliance with technical specifications.</p> <p>B. Financial Capacity:</p> <ol style="list-style-type: none"> 1. Solvency ratio (total assets / total liabilities): established average limit of the last three audited periods, independently evaluated, must meet the criteria: Greater than one point five; 2. Acid test (current assets – inventory / current liabilities): average limit of the last three audited financial years, independently assessed, must meet the criterion: Greater than one; 3. Return on equity (net profit / equity): average limit of the last three audited periods, independently evaluated, must meet the criterion: Positive.

	<p>C. Experience and technical capacity:</p> <ol style="list-style-type: none"> 1. The bidder must submit Letters of Reference (at least one from the public sector) accompanied by a simple copy of contract or purchase order that proves the experience of at least three (3) connectivity services in the last five (5) years. 2. The bidder must present a letter of authorization from the manufacturer to provide installation service, configuration, training and technical support of the offered SD-WAN solution. 3. The bidder must demonstrate that it has qualified personnel for the execution of the installation, configuration, training and technical support, providing the proposed staff resumes and, where appropriate, certifications. 4. The bidder must present a delivery plan proposal based on the specifications, techniques and implementation schedule. 5. The bidder must submit a technical proposal for the implementation of the SD-WAN solution offered. 6. The bidder must have a service center for reporting failures or consulting services (NOC or Help Desk) 24 hours X 365 days and guarantee service attention at any time during the term of the contract.
<p>Additional remarks:</p>	<ul style="list-style-type: none"> ● A Margin of Preference will not be granted to eligible domestic contractors. ● More details will be provided in the Bidding document.
<p>GENERAL INFORMATION ON THE TENDER PROCEDURE</p>	
<p>Instructions to the bidders:</p>	<ul style="list-style-type: none"> ● Bidders must study all the instructions, forms, conditions and specifications contained in the Bidding Document. Failure by the Bidder to provide all the information or documentation required in the bidding document could result in the rejection of its Bid. ● The Bidder shall assume all costs associated with the preparation and the submission of its Bid, and the Buyer will have no responsibility or obligation with respect to such costs, regardless of the development or outcome of the bidding process. ● Offer must contain: <ol style="list-style-type: none"> A.
