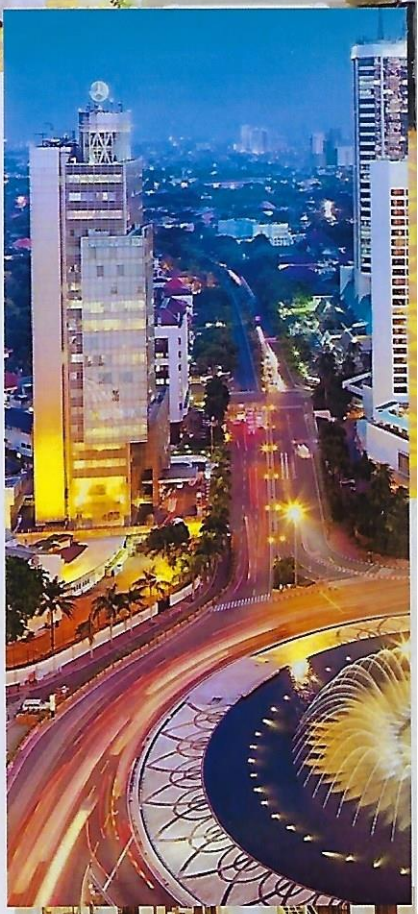
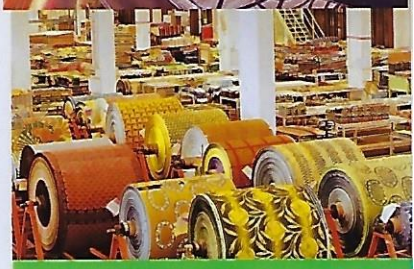
About

Established in 1888, the Lagos Chamber of Commerce and Industry [LCCI] is the premier Chamber of Commerce in West Africa and a leading voice in public policy advocacy and international affairs. The Chamber continuously explores ways of creating a conducive business environment in Nigeria for businesses through the positive engagement of the public and the private sector.

Nigeria has a population of over 200 million persons with abundant natural and mineral resources; these make the Nation a perfect gateway for investment opportunities into the African continent. Though there are myriad challenges, a good knowledge of the Nigerian Economy can help an investor navigate these challenges and keep a successful enterprise afloat.

Thousands of Business and Trade delegations come into Africa annually to explore opportunities for partnership and collaboration. The LCCI International Business Conference and Expo is an annual event to bring the 'World' to Africa using Nigeria as the gateway. To strengthen bilateral cooperation between African countries and the rest of the world, the LCCI initiated the LCCI International Business Conference and Expo as a platform where nations from around the world meet to deliberate and exchange ideas on trans-Atlantic trade opportunities.





The LCCI International Business Conference and Expo will hold with the following activities:

- Business Forum headlined by the Presidency, State Government, Diplomats, Ministry of Foreign Affairs and Ministry of Industry, Trade and Investment, and Leaders of the organized private sector.
